

Doctor of Ministry Endowed Scholarship Fund

DENVER SEMINARY
EQUIPPING LEADERS

Dr. David Osborn

Jerico Deveyra

Denver Seminary seeks to glorify God by equipping leaders to think biblically, live faithfully, and lead wisely for a lifetime.

The Doctor of Ministry program at Denver Seminary provides a structured, stimulating atmosphere for the education needed to continually develop spiritual gifts and pastoral skills. Those in the parish and parachurch ministries engage in an intensive period of advanced study and research in order to expand their interests and heighten their competence in service. The D.Min. program is designed to help students (1) develop their God-given abilities so they can accomplish more, and (2) develop ministry consistent with their abilities and the people they serve.

D.Min. students pursue one of two areas of study: the Leadership track, which includes concentrations in Preaching and Pastoral Ministry, Church and Parachurch Leadership, and Leadership in Community Spiritual Formation; or the Marriage and Family Counseling track. Applicants eligible for the Doctor of Ministry Endowed Scholarship must be full-time students and in good academic standing.

Today, Denver Seminary has approximately 900 students, 150 of whom are pursuing the Doctor of Ministry degree. To enable more students to attend, gifts to endowed scholarship funds like this one are vital for the on-going education of pastors and para-church leaders. If you would like to give to the Doctor of Ministry Endowed Scholarship Fund or learn more about endowment giving opportunities through current gifts or through your estate, please contact Brian Fort at 303-762-6924 or brian.fort@denverseminary.edu.

Six years ago, Jerico Deveyra moved from his native country of the Philippines to begin inner-city work in Colorado Springs. While focused on strengthening the values, education and morals of those within the city, Jerico enrolled in the D.Min. Marriage and Family Counseling program at Denver Seminary so he could be available as a counselor and community service leader. However, as a husband and father of three children, there is a tremendous need for financial assistance. He states:

“To focus more on the reading, writing and studying rather than on the financial concerns would be a dream come true.”

- Jerico Deveyra
