

Accessing Your Library Account

<http://www.youseemore.com/denverseminary/>

The image shows a 'Log On' window with two main sections. The left section is titled 'Use your library card/ID' and contains fields for 'Library ID' and 'PIN', with a 'Remember Me' checkbox and a 'Log On' button. The right section is titled 'Use your EZ Log On' and contains fields for 'User Name' and 'Password', with a 'Remember Me' checkbox and a 'Log On' button. There is an 'OR' separator between the two sections and a 'Create an EZ Log On' button in the left section.

Your library ID is the entire barcode on the back of your student ID and your PIN is usually the phone number you gave us when you set up your account – **without** the area code and **without** the dash.) If you have problems accessing your account, please contact us and we can reset your PIN. Call us at 303-762-6962 or [email](mailto:library@denverseminary.edu) us (library@denverseminary.edu)

It is also simple to set up your own EZ Logon at this screen—and we highly suggest this.. Once logged into your account, among several available options, you can check the status of any items you have out, and renew them (if they are not on hold for another patron or have already been renewed previously.)
